IncredibleEurope in Vienna (11-4-27)

We'd like to tell you about a very attractive event for those involved with creativity, innovation and entrepreneurship.

It is the IncredibleEurope Summit, which will take place in Vienna in June for the third time.

This year's main topic is *The Influence of ONE*, and it will be a meeting point for more than 250 visionaries from more than 25 countries and from totally different fields. They all have something in common: the guts to make a positive difference!

Following the motto *THINK 2049 - ACT NOW!* the company Brainswork proposes 2 days full of activities: open sessions, individual triggers, inspirational design, innovation pits, the Incredible Box, DreamMa's corner, music, start-ups meet money, Make a Difference Awards...

Sounds good, isn't it?

It is a new occasion to make new contacts abroad, exchange experiences and interact with other professionals. We attended IncredibleEurope last year, and we expect to join again this time!

If you want to read more or buy your tickets online, visit their website right now!
